About T.I.M.E.

T.I.M.E. is India's leading classroom-based entrance exam training institute. Over the last **32** years with more than **180** offices across the country, **T.I.M.E.** has helped more than **27,00,000** students realize their career ambitions in Management, Engineering, Medical, Banking & other fields. The **T.I.M.E.** team consists of professionals from IITs, IIMs and other top academic institutes across India and abroad. **T.I.M.E.** has a large team solely dedicated towards building students' careers.

Engineering

For any engineering aspirant, getting into the top institute of the country is of paramount importance, as this is the single biggest factor which determines the aspirants' future career. In a country where there are thousands of engineering institutions, there are a few Institutes of national repute like IITs, NITs, IIITs, IISc and Birla Institute of Technology.

Joint Entrance Exam (JEE)

JEE Main is for those candidates who wish to get into BE or B.Tech. courses in the National Institutes of Technology (NITs), Indian Institutes of Information Technology (IIITs), Indian Institute of Science (IISc), other Centrally Funded Technical Institutes (CFTIs) and engineering colleges of the participating states. The JEE Main is also the eligibility test to appear for the JEE Advanced exam which eventually leads to the admission in IITs.

National Eligibility Cum Entrance Test - UG (NEET)

NEET (National Eligibility Cum Entrance Test-UG) is an All-India entrance exam conducted by NTA (National Testing Agency) for admissions to MBBS / BDS courses in India offered by Medical / Dental Colleges approved by the Medical Council of India/Dental Council of India & Armed Forces Medical College.

Why NEET coaching with T.I.M.E.

- **Conceptual Clarity:** NEET and other national level competitive exams emphasize the need for immaculate fundamentals. Quality time is spent on each topic for exploring the basics, supported by examples, practical applications and practice exercises
- **Quick, Accurate Problem Solving Skills:** National Eligibility Cum Entrance Test requires the student to apply fundamentals for solving the problems, quickly and accurately. We teach a logical approach to problem-solving by splitting the problem into manageable fragments and tackling them in a systematic manner
- **Integrated Approach:** The most challenging aspect of solving competitive level questions is that they require test-takers to apply concepts from various topics simultaneously. Such problems appear 'unsolvable' at first glance. Solving these questions is a test of the overall knowledge, problem-solving abilities and speed of the student
- **Personalised Doubt Clarification sessions:** At **T.I.M.E.**, we believe that every student is unique, and needs careful guidance and mentoring to succeed in cracking the competitive exams. We keep our batch sizes small to maximise the personal attention. For Online students, we have LIVE doubt solving sessions and TELEGRAM groups to facilitate real-time doubt clearance
- NEET Mock test analysis & feedback
- National Mocks
- We also provide support for other medical entrance exams like AIIMS & JIPMER through special orientation and tailor-made test papers
- For online students, Dedicated Student Home Page (SHP) & App are provided in order to access classes through mobile / laptop (Online)
